

Fall is in the air! We've successfully made it through one month of the school year as well as learned lots of fun things. We are always so busy in our classroom learning about our themes, letters, numbers, shapes, colors, and many other miscellaneous materials. We also have been talking a lot about proper preschool behavior and how we can show respect to others. As well as learning how to treat others and listen. We have been talking about making good choices for ourselves. These are some topics that are always important to discuss with our friends and show through modeling in our classroom.

In October we will be learning about Community Service helpers, Furry Forest Friends, Fire Safety, and Halloween. Our new letter will be D,E,F and our new numbers will be 4 and 5. Our color will be orange and our shape is square.

We have some special days this month:

October 6: Crazy Sock Day

October 14: Orange Day (special snack)

October 16: Fire Truck Visit

October 23: PJ Day

October 31: Halloween Party

We will be having our Halloween Party on Friday, October 30th. We ask that you send your child to school that day already wearing as much of their costume as possible and that you send along a change of clothing for afterwards. Please remember that your child/s costume needs to be school appropriate and that toy weapons are not permitted. They will also need a labeled bucket/bag for treats! It is going to be a "spooktacular" party! Parents may attend a parade in the upper parking lot. If it is raining we will do it through the lobby and social hall. The parade will take place at 9:30am, then the children will be returning to the classrooms for their Halloween party. We invite parents/grandparents/everybody to join us for our Halloween party from 9:30-11am.

You are welcome to bring in a treat for your child to hand out during our Halloween party. The treats can be anything age appropriate food or toy. Please label the bag so we know who gets to hand out the treat. We do not have any food allergy at this time. There are 14 children and 3 staff.
